Healthy Eating Fundraiser

We are having a wonderful fundraiser for our school in partnership with the local grocery home delivery service, Planet Organics. Planet Organics is owned and operated by long-time Sonoma residents Larry Bearg and Lorene Reed.

This is a huge opportunity to raise a substantial amount of money for our school in these economically tight times.

Planet Organics and its sister company, Organic Discounters, delivers fresh picked organic produce as well as a complete variety of organic and natural grocery items to your home or office. It's a great way to save time, money and eat healthier every day while supporting our school.

For each household our children sign up our school gets **\$15.00**.

Our goal is for every child to sign up 2 households. This will bring in over \$24,000 for school needs. We can do it!

We will be sending home packets with your children on April 28th. The fundraiser will last for two weeks. The three classes that raise the most \$\$\$ will receive pizza parties. Let's do our best to support our school and eat a healthier diet at the same time!
